Dear Ed:

25X1 I enjoyed talking with you the other day and share your concern with regard to the particular problem we discussed. After our talk and your talk at the State Department I sent a little message to [redacted] in order to take a sounding there at the very top to see the possible effect of the program you had outlined to me in the light of existing conditions. Either State or we will probably be in touch with you in the next few days as soon as I get an answer.

25X1 I am having an investigation made about the handling of the application of [redacted] and I shall see if there is anything we can do.

*None*  
Sincerely,

(Signed) ALLEN W. DULLES

Honorable Edward Corsi
